Forest Ink, and the palette it belongs to

The logo's ink is Forest Ink, the school's moss accent taken to its darkest value. It reads as near-black, carries a trace of green, and is at home on warm ivory in a way a true navy never is.

EACH SWATCH READS HEX / RGB / CMYK / PANTONE

CMYK values are unmanaged conversions and a starting point only: always proof on the actual stock. Pantone references are approximations and must be confirmed against a current physical guide before any spot-colour run. Moss is a supporting colour, approved for the logo only in secondary applications. Ochre Gold is a fill colour, never text on ivory.

Every value, for every medium

NAME	ROLE	HEX	RGB	CMYK	PANTONE
 Forest Ink	primary logo ink	#2F3A2A	47 58 42	19 0 28 77	5605 C

 White	paper, reverse ground	#FFFFFF	255 255 255	0 0 0 0	n/a
 Black	single-colour print only	#000000	0 0 0	0 0 0 100	Process Black C

CMYK values are unmanaged conversions from RGB and are a starting point only; always proof on the actual stock. Pantone references are visual approximations and must be confirmed against a current physical guide before any spot-colour or foil run. Trikonam holds no Pantone licence, and no certified proof is supplied with this kit.
